

Clear protection for vehicle wraps

Safeguard vulnerable wrapped surfaces to enhance vehicle wrap value and customer satisfaction

- Super tough** – these durable urethane films help protect vehicle wraps from stones, sand, road debris, bug acids and other harsh conditions that can damage a car wrap and eat away at your customer's investment. The films help safeguard vulnerable wrapped surfaces in areas such as the leading edge of the hood, bumper, door edges and wheel flairs.
- Advanced technology** – trusted by the US military, 3M paint protection film was originally developed to protect helicopter rotors. The extreme durability and demonstrated performance of the films protect like no other on the market.
- Long lasting performance** – compatible with graphics backed by the 3M™ MCS™ Warranty and 3M Performance Guarantee. Excellent adhesion for the life of the vehicle wrap.
- Simple installation** – Check the Instruction Bulletin 5.47 to learn how these films can be applied over newly wrapped vehicles using common graphic application techniques.

Product Number	Product	Finish	Film Thickness
SGH6	3M™ Scotchgard™ Paint Protection Film	Gloss with protective clear coat	6 mil
