Ref 350

White Thick Hand-Pad for delicate surface cleaning

Technical Data

TD 206

Date : November 98
Supersedes : April 97
Author : PL

Description :

The product is a thick white delicate surface cleaning hand pad, made of high quality synthetic fiber forming an open textured non-woven web, having soft cleaning particles evenly dispersed throughout and bonded to the web with a durable resin.

Product Advantages :

- Soft and non aggressive to the surface.
- Flexible and conformable.
- Long lasting.
- Easy to rinse/wash after use.

Where and When to Use :

The product is used for cleaning delicate surfaces such as glass, aluminium, stainless steel, ceramic, porcelain...
This product should not be used at hot temperatures.

Maintenance :

- Rinse the pad after each use under tap water.

- If needed, remove deep embedded soil by brushing the pad with a nylon brush.

- Palletisation : 40 cases per Europallet.

Labeling :

- Each pad shall be printed (blue) with the manufacturer's name.
- Each carton shall be labeled to identify the contents by product name, size and manufacturer.

Product Origin :

Made in France in ISO 9002 certified manufacturing site.
Source of Supply : 3M France, S.O.A.

Product Characteristics :

Property	Nominal Value
Weight	1200 g/sqm 18 g/unit
Thickness	28 mm
Size	95 x 158 mm
Color	White
Aggressiveness ①	0 g removed
Composition :	<ul style="list-style-type: none">• Polyester fiber• Dedicated soft mineral• Polymer resin

① Schiefer test on acrylic plate material
(after 5000 revolutions with a new pad)

Packaging :

- 30 Pads per case (6 pads in multilingual printed intermediate, 5 intermediates per case).
- Case gross weight : 0,82 kg
- Case cube : 17 dm³
